

STARTS
SATURDAY,
MARCH 11

WORKSHOP SERIES

NEW HORIZONS FOR ENTREPRENEURS

The New Horizon Entrepreneurs workshop series creates an enabling environment and community for early-stage and start-up entrepreneurs to learn and gain the wisdom and support needed to realize their ambition, overcome threats, and move forward.

This series of workshops will include:

- Introduction to entrepreneurship
- Business types & legal structures
- Entrepreneurial process: solving problems & taking ownership
- Business/career development
- Access to business tools & resources
- Business negotiation and contracts

The workshops will be delivered through shared experiences and interactive/ collaborative learning environments where participants can be vulnerable and applauded.

Participants will also have the opportunity to sign up for the New Horizon Entrepreneur Mentorship. This is a peer-to-peer program for participants who have attended one or more workshop sessions and are ready to take the bull by the horn and start or grow their business.

We'll walk alongside you and give you all the support you need to achieve your dream. Our goal is to help you Connect, Learn, Grow & Succeed!

SUSAN IKEAGWU

Entrepreneur, Business
Coach, & Legal Professional

Workshop registration is
free, but space is limited!
